CWNY Announces Grand Opening of Fort Totten Location

New Fort Totten, Bayside Facility Scheduled for Fall 2019

Kew Gardens, NY (October 1, 2019) — The Center for the Women of New York is thrilled to announce the long-awaited Grand Opening of our new location in Fort Totten, Bayside, Queens.

Currently located at Queens Borough Hall in Kew Gardens, CWNY's new location in a newly renovated, landmark building at 207 Totten Avenue in Bayside will allow us to expand our offering of workshops, support groups, clinics, and conferences in support of women and women's rights. The new site will also host a library and "living" museum dedicated to recording and achieving women's struggle to attain full equality in our society. The Center aims to be a full-service research "think-tank" working with educational institutions and community organizations to develop and demonstrate models for training women in all matters than can improve and enrich their lives.

A grand opening ribbon cutting ceremony is scheduled for October 2019, the exact date to be announced. This event will acknowledge and honor all those who contributed to and helped this project. A tour of the facilities will follow, and refreshments will be available. Funds came from officials in New York State, New York City, the members of The Center for the Women of New York, and various private donors and citizens who wanted to see this historic center become a reality. When completed, this building, as far as we know, will be the only full service women's center completely devoted to women's equality between the New York City metropolitan area and Seneca Falls in upper New York State. Tickets may be purchased by contacting CWNY at (718) 793-0672. Advertising in the Grand Opening Commemorative Journal is available and encouraged.

The Center for the Women of New York (CWNY) is a 501(c)(3) non-profit, voluntary organization founded in 1987 by Ann Jawin. We're open to all who are interested in the achievement of women. Our goal is to be a resource center for women and advocate for women's rights and full equality in our society. Phone: (718) 793-0672. Website: cwny.org
