CWNY Seeks Volunteers in Fort Totten Area

Grand Opening of New Fort Totten Facility Scheduled for Fall 2019

Kew Gardens, NY (September 12, 2019) — The Center for the Women of New York is seeking volunteers ahead of the grand opening of their new Fort Totten, Bayside location. Those with office and business skills and other talents who are able to donate at least a few hours each week are asked to send their resumes or a simple letter to CWNY Chair Ann Jawin at centerwny@yahoo.com.

Currently located at Queens Borough Hall in Kew Gardens, CWNY's new location in a landmark building at 207 Totten Avenue in Fort Totten will allow us to expand our offering of workshops, support groups, and clinics. We aim to offer women the opportunity to learn the sort of economic and emotional skills that foster independence and self-sufficiency. The grand opening of the new location will allow us to resume programs that had to be suspended during renovation, such as classes in self-defense and yoga, and a walking club.

The Center for the Women of New York (CWNY) is a 501(c)(3) non-profit, voluntary organization founded in 1987 by Ann Jawin. Our goal is to be a resource center for women and advocate for women's rights and full equality in our society.
